

## **What You call Grace is not Grace**

You have called so many things grace and favour in the lives of certain number of men of God because of your spiritual gullibility and mediocrity that has blinded and obscured your spiritual eyes from being able to differentiate the divinely favoured and one who takes advantage of ignorance and situation of people to acquire wealth that has made it to look as if he is favoured by God. When you are favoured and the grace of God is abound on you, as far as Christ life is concerned, you become a spiritual sacrifice to enrich and better the lives of others who are spiritually poor and wretched. Suffering and slavery mentality has made you to consider every prosperity and wealth within the opened hand of self lack of confidence and inferiority complex, as being Godly and divine because you don't have what it takes to forensically investigate and examine all these things within the line border of God's perfect will. You are always too spiritually naive or credulous to quickly believe however or whichever side things appear to you.

I suppose there are no forces behind these other than suffering, impoverishment and self-centeredness which has cut across every lifeline of our society. You can now see that ironically, most of the things in the society considered to be legal are now illegal vice versa. This is not too far from the so called satanic spiritual lifestyle which is infernally, fiendishly and diabolically taken for granted as Godly manifestation of glory, presence or move of the Holy Spirit in the terrain where hardship, suffering and circumstances have been used to take the advantage of the less privileged ones who at the same time fell victims of this accursed life projected from the same in human and mephistophelian institutions. I pray that Almighty God, the creator of heaven and earth will do justice to all these things, set the captives free , heal the sick ones, open the blind eyes, supply to the needy, riches to the wretched, care for less privileged, light to the obscured, life to the lifeless, divine direction to the confused, freedom to the bound, strength to the weak, salvation to the sinners and above all receiving Jesus Christ as Lord and Saviour to every dead religious people anywhere in the world in Jesus mighty name, amen. Thank you, Shalom.
